

Table of Contents

Sales and Marketing

Operator Terminal Sales Strategy Based on Data Mining	1
<i>Mengshan Hu, Dong Liang, Xiaoyan Cao, and Meizhen Liu</i>	

Effects of the Tradeoff between the Customer Churn Rate and Retention Capability on the Predictive Performance of Algorithms	10
<i>ZhiYuan Xu, ShuHui Gong, ZhaoJing Zhang, Bin Jia, Hao Jin, and Dong Liang</i>	

Modeling ATM Location Optimization using Predictive Modeling	17
<i>Ekrem Duman, Osman Vargeloğlu, Başak Kılıç, Seyfullah Özbek, Zeynep Ünal, Begüm Semercioğlu, Umut Kapucu, Halil İbrahim Soytürk, and Ayşe Büyükkaya</i>	

Learning from Imbalanced Datasets using Supervised Clustering based under Sampling Technique for Customer Scoring... ..	22
<i>Sankara Prasad Kondareddy</i>	

Data Mining in Lifescience for Disabled People

Auditory Scene Analysis Based on Wavelet Transform and Hidden Markov Models.....	27
<i>Joohee Kim and Incheol Kim</i>	

Text Mining

The Influence of Data Information-carrying Capacity on Quality of Text Mining	35
<i>Marcin Gibert</i>	

Classification

The Curve Fitting Approach for Classification Problems	44
<i>Övünç Polat</i>	

Border Security

Design of Experiment in Border Security Resource Management System	50
<i>Kai Jin, Hua Li, and Qing Song</i>
